PREFACE.

The Buxton mineral water is discharged from several openings in very large quantities, at a temperature of 82 degrees, Fahrenheit. It is charged with nitrogen gas, in, probably, a larger degree than any other mineral water. This gas is presented in water which has, otherwise, alkaline, earthy, and saline properties; and is remarkably detergent and softening to the skin when used as a bath; while it is free from odour or disagreeable taste, is clear and bright in its appearance, and of a singularly beautiful faintly-blue colour.

The medicinal action of the water, whether used as baths, or drunk, has been from time immemorial known to be great, in relieving or curing all conditions of a rheumatic or gouty character. It is stated by Dr. Jones, so long ago as the year 1572, that it was then used for the relief of the same ailments as it is at the present time.

Dr. Jones says, that in his time Buxton was much resorted to by poor afflicted persons; and towards the end of the 16th century, this was considered to be so serious an injury by the inhabitants of the adjoining chapelry of Fairfield, as to render them unable to provide funds for the maintenance of their chaplain, by reason of the urgent and continued claims of the many poor sufferers resorting to the Buxton Baths, as set forth in a petition on this matter addressed by them to Queen Elizabeth. These poor persons had been from time immemorial so far aided, as to have had gratuitous baths of the mineral water provided for them; and there seems to have been a fund called the "Treasury of the Bath," by which their pecuniary necessities were more or less ministered to. Dr. Jones writes, in reference to this fund, what may be quoted in this place :--- "If any think this magisterial imposing on people's pockets, let them consider their abilities and the sick poor's necessities, and think whether they do not in idle pastimes throw away in vain, twice as much yearly; it may entail the blessings of them who are ready to perish upon you, and will afford a pleasant afterreflection. God has given you physic for nothing; let the poor and afflicted (it may be members of Christ) have a little of your money,-it may be the better for your own health; Heaven might have put them in your room and you in theirs; then a supply would have been acceptable to you."

Beyond this somewhat vague earlier history, there is no record of the Buxton Bath Charity until the year 1785, of which date there is extant at the Hospital, a document (vide pages 37-38), apparently an annual report of the Institution, from which time the use of the baths and waters and pecuniary aid had been regularly given to the poor Patients, until the year 1859, when the Devonshire Hospital was provided for the reception of the Patients.

The air of Buxton, resting on the large area of the mountain limestone and millstone grit formations, at an elevation of 1000 feet and upwards above the sea level, must be an important factor in enhancing the health advantages of the situation of the Hospital; and the sanitary position that has been secured by the efficient drainage and sewerage of Buxton, and its conveyance to a distance from the town; and complete chemical defectation, and the destruction of all remaining refuse in a powerful furnace, must have completed the sanitary advantages, and lessened beyond calculation the risks of zymotic or epidemic disease. The reduction of the yearly death-rate to one or one-and-a-half per cent., as recorded by Mr. Frederick Turner, the Medical Officer of Health, is the well-carned result of the well-devised action of the Buxton Local Board.

It has been gathered from the annual reports that, in the eighteen years, from 1820, 14,906 Patients were admitted to the benefits of the Charity; of which number, 12,608 were discharged as cured or much relieved.

In the twenty following years, from 1838 to 1858, 23,319 Patients were admitted; and of these, 16,575 were cured or much relieved; 5859 were relieved in some degree; and 885 were no better at the time of discharge.

The Devonshire Hospital was opened for the reception of the Patients of the Charity, in the year 1859. It is the successful result of the conversion of a very extensive range of buildings, erected and used as stables since the commencement of the present century. The structure, which is of an important and substantial character, surrounds a parterre of considerable extent, and contains a colonnade of handsome proportions, is situated on a commanding eminence, presenting views of the town and valley of Buxton, and is near to the baths, the railway stations, and the principal buildings. It is curious and interesting, that in what purports to be the first volume of a work, entitled "Les Delices de L'Espagne et du Portugal," dated 1707, plate 495, is an exact representation of the interior area of the Devonshire Hospital. (See frontispiece.) The plate is inscribed "Palais des Rois Chrétiens à Granade, vu par dedans de la Cour." It does appear to be an extreme turn of what we may surely think to be Providential fortune, that such a building should have been

used as the design for stables, and the stables have become, little more than half a century after erection, a Hospital for the reception and care of the poor afflicted sufferers, resorting to Buxton for the use of its mineral waters.

From the year 1820, then, to the beginning of September, 1858, when the Hospital was opened, or in 38 years, the Institution had received 38,225 Patients; of which number 35,042 were beneficially treated, and 2183 were very partially if at all relieved. During those 38 years, the Buxton Bath Charity received, on an average, upwards of 1000 Patients every year, and afforded cure or marked relief to 922 of that number. To a very large proportion of this important number of poor sufferers, chiefly from chronic rheumatism, the Charity gave a weekly allowance of 6s. during their stay in Buxton, in addition to all other benefits; until the funds became so seriously impaired, that the weekly money allowance was necessarily reduced to 5s., at which sum it remained until the opening of the Hospital. From the time of reducing the weekly money allowance, the pecuniary prosperity of the Buxton Bath Charity may be dated. The funds accumulated year by year, until the time of rebuilding the Buxton Baths, on the part of the 6th Duke of Devonshire, when a capital of nearly £3000 had been gathered together by the scrupulous management of the Trustees. The names may be mentioned, first and particularly, of the late Bishop Spencer, at one time a trustee, and incumbent of Buxton, and more recently one of the Vice-presidents of the Hospital; of Mr. Heacock and Mr. Smithers, its successive Treasurers; and of Sir Charles Scudamore, Dr. Robertson, Mr. Page, Mr. Cumming, Dr. Carstairs, the Rev. R. P. Hull-Brown, and the Rev. the Honourable F. R. Grey, as being no longer alive to witness and take part in the present development of the Charity. Of these £3000, £500 was judiciously expended on the rebuilding of the Charity Natural Baths; the large remaining sum which those Baths cost, and the whole cost of the Hot Baths of the Charity, having been paid by the munificence of the 6th Duke of Devonshire. Again, in 1853-4, when the proposal of a Hospital to receive the Patients of the Institution was brought before the public by Mr. Smithers and the other Trustees, the sum of £1000 from the accumulated fund was given towards the Hospital; leaving a residue of £1500 Consols, which sum remains thus invested. (See Estate Account.)

The history and doings of the Buxton Bath Charity have thus been summarily brought down to the time of forming the Hospital, the expenses of which were defrayed by the individual and collective liberality of the Trustees; by special subscriptions from the public; by the proceeds of a bazaar, that was bountifully supplied and supported, &c.—a total sum of $\pounds 6000$ having been thus got together, and expended on the conversion of this valuable building to hospital purposes. This conversion, with its anxious details and successful results, was mainly due to the untiring exertions of the late Mr. E. W. Wilmot, aided by the architectural skill of Mr. H. Currey, and the liberal consideration of the 6th Duke of Devonshire.

During the years 1851 to 1858-9 the office of Secretary to the Buxton Bath Charity was held by the late Mr. James Wardley; and the Secretarial duty, in connection with the large and liberally-supported Bazaar, was willingly and sedulously performed by Mr. Wardley, until the Hospital was instituted.

It forms an interesting episode in this history, that, in the Winter of 1862-3, during what will be long remembered as the Cotton Famine, a special fund was obtained, chiefly by the exertions of the late Mr. Wilmot; and 100 young women, under 30 years of age, selected by the Relief Committees of their respective towns, as being most likely to be benefited by the change of air and the comforts of the Hospital, were received and taken care of, as to food and as to medicines, and restored to their homes in the subsequent Spring, with renovated health and strength, and full of gratitude for what they had received. The balance of the subscriptions, amounting, with interest, to $\pounds 256$, was invested as a separate fund for ever, to enable poor female operatives from factory towns to be received into the Hospital.

A very important circumstance in the history of the Hospital is, that the grounds in front of it were, with much kind consideration, made over to the Institution on the part of the late Duke of Devonshire; maintaining the detached position of the building, enhancing its appearance, and adding to the outdoor advantages of the Patients.

The building is the property of His Grace the Duke of Devonshire; and the conversion of it to the use of the Hospital for ever, was benevolently granted by the 6th Duke of Devonshire, as testified on the stone on the south front of the building, on which is inscribed : "The last munificent Charity of William Spencer, the 6th Duke of Devonshire, K.G., who allowed these buildings to be converted to the use of the sick poor, January, A.D. 1858." A considerable sum of money that had been collected for the construction of the Hospital was expended upon the work. The walls and roof of the structure were fortunately found to be in good preservation; the interior was entirely removed and re-arranged; the subsoil carefully taken away; and about two-thirds of the building occupied for the purposes of a Hospital, and by a chaplain's house, a dispensary, and a dispenser's apartments, a house for the master and matron, kitchen, day-rooms, dining-hall, and spacious dormitories; affording separate beds for 120 Patients,

in addition to the beds provided for cases of accident, and in addition to the rooms required for the servants of the establishment.

During the year 1868, a legal Conveyance of the buildings and grounds of the Hospital was given to the Trustees by the late Duke of Devonshire, at the nominal rent of five shillings yearly; on the condition that they shall be used exclusively for the purposes of the Charity. (A copy of the Conveyance is appended at page 30.)

During the year 1872, the Chaplain's house was converted to the general purposes of the Hospital; the number of beds for Patients was raised to 150, and better accommodation afforded to the Out-Patients, Dispensary, &c.

During the year 1878, a legal Conveyance of additional buildings and ground was made by the late Duke of Devonshire. This addition was acquired by the Trustees, to enable them to accept a proposed grant from the Cotton Districts Convalescent Fund for the extensions described below. (A copy of this Conveyance will be found at page 32.)

During the same year, 1878, the land and buildings of the Charity Hot Baths were legally conveyed by the late Duke of Devonshire to the Trustees, at the nominal rent of five shillings yearly. (A copy of this Conveyance will be found at page 34.) An undertaking was entered into during the same year, by which the Charity Natural Bath is held by the Trustees under a nominal rent of five shillings yearly.

During the forty years since the Hospital was opened, there have been 76,439 Patients under treatment, of which number 68,164 have been treated beneficially; and 9521, or about one-ninth of the whole, were not suffering from any of the forms of rheumatism, but were such cases as are ordinarily met with in hospitals. On the average of the forty years, the Patients remained under treatment nearly 24 days; and 66,911 cases of rheumatism, embracing every conceivable variety of this obstinate disease, were thus extensively relieved by the remedial agency of the Buxton mineral waters.

During the year 1881, the great extension works of the Hospital were practically completed, and the Hospital was formally opened by the Patron, His Grace the late Duke of Devonshire, and the Governors of the Cotton Districts Convalescent Fund, on the 11th of October. The accommodation for the additional number of Patients, under the grant of £24,000 from the Cotton Districts Convalescent Fund, was obtained by the removal of the two walls which traversed the entire circuit of the main building, and formed the corridor communicating with the various wards; the whole space from the outside to the inside of the building was thus thrown open, and inner and outer

windows supplied to all the wards; the internal area was thus increased very greatly, and ample space provided for wards and day-rooms to receive and accommodate the 300 Patients. But an independent means of access to all the rooms of the Hospital was rendered necessary in consequence of this arrangement; and this was obtained by covering the large area of the interior, and giving access to the ground floor rooms from the floor of the inner basement, and to the rooms of the upper floor, from a gallery above this. This arrangement has, however, not only supplied the means of access to all parts of the Hospital, but has enabled all the wards to be practically detached from one another, almost giving the advantages of the deservedly praised pavilion principle of hospital construction; while it has facilitated the ventilation of the whole building to an important degree, and increased the free and ready admission of light to every part The gallery has with much ingenuity been conof the interior. structed exclusively of bricks and iron, by which it has been rendered entirely fireproof, giving all possible security in the event of fire. The great, covered, dry, warmed area of half-an-acre, canopied by the largest dome that has ever been erected, supplies very obvious and valuable contingentadvantages for the recreation of the Patients in all cold or doubtful weather; advantages which must represent a value to the afflicted and often crippled inmates, beyond any calculation. As the whole of the main building is now devoted to the Patients of the Hospital, new buildings have been erected on the north side, for all purposes that might be desirably detached, such as kitchen and kitchen offices, laundries, engine rooms, cellars, storerooms, bedrooms for household servants, separate wards for accident cases, and rooms for the immediate isolation of any cases of infectious character that might become manifested. The extensions were carried out under the architectural superintendence of Mr. R. R. Duke. The £24,000 expended from the Cotton Districts Convalescent Fund give a prior claim on the 150 additional beds to the nominees of the Fund ; and these beds have been allotted to the principal Hospitals within the area of the manufacturing It cannot but be a subject of much regret that the districts. extension has cost a larger sum than the grant by nearly £9000, besides the £5000 paid for the land and premises for the Hospital Extension. It is of evident importance that this outlay should not be left as a charge on the means and resources of the Hospital.

During 1896, the Terrace surrounding the Hospital building has been laid down with asphalt, rendering this extensive promenade available for Patients whose ailments have hitherto debarred them from taking exercise thereon owing to the irregularity of the gravelled surface, and its condition after rains. This Prefatory account has seemed to be needful, for the information of those not already acquainted with the nature and merits of this Institution. W. H. R.

A Clock Tower was erected in 1882, over the principal entrance of the Hospital, by subscriptions specially given for this purpose; the late Duke of Devonshire contributing the sum of £200 thereto, and also presenting a clock, with Cambridge chiming apparatus, and four illuminated dials, at a cost to His Grace of £500. The expense of lighting this clock, during the hours of night, has been kindly undertaken by the Buxton Urban District Council. It was intended that a portico of architectural character should have been erected as an ornament and protection to the principal entrance; but funds were not forthcoming. Such a completion is evidently desirable, and is commended to the kind consideration of munificent benefactors. It is needful to the architectural completion of the exterior of the Hospital.

The general wish which was expressed that the successive Patrons and Presidents and Vice-Presidents, the Trustees and members of the Committee of Management of the Buxton Bath Charity, and more recently of the Devonshire Hospital, should be requested to present photographic copies of their portraits of suitable size and plainly framed, to be hung on the walls of the Board Room of the Hospital, as an interesting record of its history, benefactors, and executive friends, has been attended with marked success, and more than fifty of these photographs are now displayed in the Board Room. Photographic portraits of the fifth, sixth, seventh, and present Dukes of Devonshire, the successive Patrons; and of the late F.M. Viscount Combermere, and the present Duke of Rutland, the Presidents, have been presented; and those of the remaining Vice-Presidents, &c., not hitherto obtained, will be most gratefully received. The walls thus decorated are a signal and permanent record of numbers of deceased friends and benefactors, and must be a constant record of the grateful sense of priceless services, and be the contemporary record of the friends who are still working and striving for its advancement and history.

REPORT

OF THE

COMMITTEE OF MANAGEMENT

OF THE

DEVONSHIRE HOSPITAL

AND

BUXTON BATH CHARITY,

FOR THE YEAR 1898.

GENERAL.

The success which continues to mark the work of the Devonshire Hospital proves indisputably the powerful action of the Buxton waters and the pure mountain air of the surrounding district in cases of gout and rheumatism and affections allied to these distressing complaints. The growing popularity of Buxton itself shews that these gifts of Providence are appreciated and taken advantage of by thousands of sufferers from every part of the world. It was a happy thought that inspired the founders of this Institution to bring within reach of the poorer classes the benefits which accrue from a stay in Buxton and the properly regulated use of the Waters. Following the example of the Devonshire family by whose liberality the Hospital was created, the Governors of the Cotton Districts Convalescent Fund by appropriating for the purpose during the years 1879 and 1880 an amount of £24,000 made it possible for the Trustees to establish on a sound basis this important Hospital, which has since its foundation given untold relief to uumbers of those whose position in life would have otherwise prevented them from coming to Buxton. The building itself, not only handsome in appearance, but also commodious and surrounded by beautiful grounds, is unlike any institution of its kind in the kingdom, and the large dome, enclosing an area of many thousands of

square feet, being heated to a regular temperature, enables the Patients to take a proper amount of exercise in all weathers.

ACCIDENT WARDS.

Since our last Report the work of establishing Accident Wards and Operating Room, with every modern appliance, has been taken in hand. Subscriptions to the fund for this purpose have been most generously provided, and the alterations necessary are making rapid progress. Although this cannot be said to form part of the work of an institution for the treatment of gout and rhenmatism it has long been felt that the requirements of a rapidly-growing population whose employment renders them especially liable to serious accidents, should be fully met, and the Sub-Committee appointed for the purpose are thankful to say that there is every prospect of the wards being opened free from debt. To Dr. Dickson for his constant supervision, to Mr. Duke the architect, and to all those who have so kindly supported this object the Committee of Management tender their grateful thanks.

WINTER TREATMENT.

During the late Autumn and early part of the Winter the admissions have been larger than usual, and this is, no doubt, due to the fact that Subscribers are beginning to see that a visit to the Hospital during this period is quite as beneficial as at other times. The large number of Patients sent during Summer gives rise to much inconvenience to both Patients and Officials; it is much to be desired that the recommendations should be spread more evenly over the twelve months.

ENTERTAINMENTS, &c.

Many residents and visitors have, from time to time, given entertainments in the Women's Day-room. Anything in the form of a musical afternoon is a boon to the Patients, giving welcome variety to their stay in the Hospital, and, by brightening their lives, helping them to bear more patiently the terrible suffering which many of them have to endure. The Committee thank most heartily all those who have given their services in this direction, and invite the assistance of others who have the ability and desire to help. The piano, kindly presented some time ago, is now far worn, and a new one would be a most acceptable gift.

RELIGIOUS SERVICES.

The chaplain, or some person by his authority, conducts a short service of prayer morning and evening. A service is held on Sunday, and others at various times. It is needless to say

15

that many of the Patients gladly avail themselves of the opportunities offered, and, no doubt, derive much solace from these services. An organ, a present to the Institution, helps greatly in the reverent conduct of these services.

STATISTICS.

During the year 1898, 2936 In-patients have been admitted. being 167 more than the number received in 1897. Of these, 2574 were discharged as improved, 226 as no better, 27 at their own request, 10 as unfit cases, 7 for misconduct, 2 as infested with vermin, 2 died, 6 left without report, and 82 remained on the books on December 31st. When the serious nature of many of the cases is considered it must be granted that the work done is most satisfactory. It is often difficult for Patients to find the means necessary for their journey to Buxton, especially those who come from some distance. It is gratifying to note the good work done in this direction by the Charity Organization Societies of the larger towns; but for the help of these Societies in providing a portion or the whole of the railway fare many of the working people who obtain recommendations could not come to the Hospital. Any sums contributed to the Samaritan Fund, available for Patients' return fare, will be gladly received by the Secretary. To Subscribers who look upon the Devonshire Hospital as a local Institution it may be a surprise to know that less than 50 of the Patients belong to Buxton and the district embracing the villages of Fairfield and Burbage; and that this number includes the accident cases. Every town of importance in the United Kingdom sends its quota of Patients, and numbers come from the outlying villages.

The Committee of the Cotton Districts Convalescent Fund have sent during the year 487 Patients, being 78 more than during the preceding year. The Patients coming from these districts are greatly benefitted by a visit to Buxton, as constantly working in a close moist atmosphere helps to produce many of the worst forms of rheumatic and gouty disease. The rest, good well-cooked food, and the curative effect of the Buxton air and waters, conduce to a rapid improvement in their condition, and often bring about complete restoration.

Once more the Committee earnestly request Subscribers to see that their Patients fill in and return the postcards they receive when leaving the Hospital, as it is necessary to learn their state six weeks after leaving, if the Medical Staff are to form a proper judgment of the effect of the treatment in their cases. The cards returned during the year record improvement in no less than 1729 cases; 605 are reported as no better, and 5 as having died. These figures the Committee consider to be most encouraging.

16

The number of Out-patients under treatment during the year was 218. Of these 152 were discharged as improved, 11 as no better, 2 at their own request, 1 was transferred to the In-patients' department, 45 left without report, and 7 remained on the books on December 31st. It is most desirable that Outpatients should report their condition on leaving; otherwise it is impossible to form anything like a reliable estimate of the result of their connection with the Hospital.

The average number of Patients daily in the Hospital has been 179.3. There were 69.2 beds occupied in January, 108.5 in February, 132.4 in March, 152.3 in April, 235.2 in May, 243.1 in June, 254.4 in July, 269.9 in August, 260.4 in September, 218.9 in October, 120.4 in November, and 82.5 in December.

The average cost per diem of each In-patient has been 2s. $0\frac{1}{2}d.$, being $2\frac{3}{4}d.$ less than last year. The average cost per week of each Patient has been 14s. $3\frac{1}{4}d.$, and for the three weeks term £2 2s. $9\frac{1}{4}d.$, being 5s. $0\frac{3}{4}d.$ less than the cost of the same term last year. It is found to be most difficult to keep the expenditure of an institution of this kind within uniform limits. Generous diet is necessary, the bathing establishment absorbs a large sum (£373 14s. 4d. during 1898), the eost of service and nursing, and the bills for drugs and surgical appliances are sometimes very heavy; the expenditure on the fabric in repairs and improvements, and on the furniture and fittings, is variable, but always considerable. The Committee desire to keep down the expenditure at as low a point as possible, but they feel that the efficiency of the Institution is of the highest importance.

FINANCE.

The position of the Hospital financially continues to be fairly satisfactory. The Committee feel that they have great cause for thankfulness that they are able to carry on this noble work without making special appeals to the public. The Annual Subscription of one guinea is quite inadequate, and the Hospital depends more or less upon donations and legacies which are so generously bestowed by various donors.

The Revenue Account for the year ending December 31st, 1898, is submitted, together with the Estate Account and general Balance Sheet.

From the following sources of income there has been an increase on the receipts of last year, viz. :--Annual Subscriptions, Donations, Hotels and Boarding Houses, and Interest; from other sources the income has been fairly proportionate.

His Grace the Duke of Portland has again generously contributed a donation of $\pounds 55$, from the sums received from Visitors at Welbeck Abbey.

On the Estate Account, a Legacy of $\pounds 1000$ has been received from the Executors of the late Mrs. Howard, of Blackpool; this, with the seven Life Subscriptions received during the year, will be duly invested.

The Annual Statements of the Wilmot Relief Fund Account, and the Samaritan Fund Account, are also submitted. Under the first of these, several very deserving cases have been received into the Hospital during the year; and, under the latter, 31 poor and almost destitute Patients have been assisted with their return railway fare, or necessary clothing, on their discharge. $\pounds 11$ 13s. 3d. has been thus disbursed during the year, and $\pounds 6$ 7s. 1d. of this has been returned by the Patients or their friends. Contributions to the Samaritan Fund are earnestly solicited.

OFFERTORIES IN CHURCHES.

The total sum received from Offertories and Collections in Churches and Chapels has been £144 2s. 10d. Of this sum £98 15s. 11d. was from St. John's, St James', and St, Anne's Churches, Buxton. The preachers on Hospital Sunday were as follows :—St. John's Church, the vicar, the Rev. C. C. Nation, M.A., and the Rev. W. H. Oxley, M.A.; in St. James' Church, the Vicar, and the Rev. J. Bryan Allen, M.A.; St. Anne's Church, the Rev. J. T. Mumford, M.A.; Bnrbage Church, the Rev. C. L. Currey, B.A.; Trinity Church, the Rev. C. S. Green; St. Anne's Catholic Church, the Very Rev. J. T. Canon Hoeben; Congregational Church, the Rev. R. Rew. Offertories, etc., were also received from Wesley Chapel, Buxton, Devonshire Park Chapel, Buxton, Primitive Methodists, Buxton; and from Over Tabley, New Mills, Ellastone, and Ashover Churches.

VOLUNTARY AID.

The Committee gratefully acknowledge the aid given to the Institution by many outside agencies in Buxton, year by year. The proprietors of some of the Hotels, Boarding Honses, and Lodging Houses have materially assisted its funds by obtaining contributions from Visitors. The Directors of the Buxton Gardens Company, Limited, have allowed a Donation Box and a box for the reception of newspapers to be placed at the entrance to the Pavilion; the Directors of the Palace Hotel Company, Limited, have allowed a Donation Box to be placed in the entrance hall of the Hotel; the Buxton District Council has allowed a box for the reception of newspapers to be placed in the Pump Room; the proprietors of the local newspapers have inserted grathionsly, the annual, quarterly, and weekly reports, and the meteorological reports.

18

The gratuitous services of the Honorary Medical Officers, the Dental Surgeon, the Honorary Chaplain, and the House Visitors, also demand the best thanks of the Committee. The Committee desire also to thank most heartily all the Officials of the Hospital for their assiduous attention to their duties.

GIFTS.

The Committee gratefully acknowledge the receipt of gifts of warm clothing for the use of poor Patients from Mr. J. M. Birley, Mr. W. H. Jackson, Miss Luck, Miss Norah Luck, Mrs. Mothersill, Miss Osmond, Mrs. Machin, Miss Squires, Miss Vernon Wentworth, the Derby and Derbyshire Needlework Guild; of presents of game from Mr. V. C. W. ELECTIONS.

Mr. Henry Shaw has been unanimously re-elected Chairman of the Board of Trustees and Committee of Management.

The Sheffield and Rotherham Joint Stock Banking Company have again been unanimously re-elected Treasurers of the Hospital.

The Chairman is *ex-officio* a member of the House Committee, and Mr. Duke, Mr. Walton, Dr. Dickson, Mr. Josiah Taylor, Mr. E. C. Milligan, Mr. J. H. Orme, Mr. F. Turner, Mr. T. H. Lowthian, and Mr. F. Drewry, have again been manimously re-elected members of this Committee. Mr. A. Schofield and Messrs. Halliday, Pearson and Co., F.C.A., have been unanimously re-appointed auditors.

At the Annual Meeting of the Committee of Management, held at the Hospital, on Friday, January 6th, 1899, the Report was aDopted, and it was moved by the Rev. C. C. Nation, M.A., seconded by Mr. H. A. Hubbersty, J.P., and resolved unanimously, That the thanks of the Trustees and Committee of Management be given to the Chairman (Mr. H. Shaw, J.P., D.L.), for the Annual Report, and that it be printed, with the Treasurers' Accounts, etc., and eirculated amongst the Subscribers and Supporters of the Institution.

The Annual Meeting of Subscribers will be held on the second Friday in May, at half-past three o'clock in the afternoon.

The Medical Report for the year, drafted by Drs. Harrison and Apthorp, follows.

BUXTON BATH CHARITY, A.D. 1785.

COPY OF REPORT OF THE CHARITY,

FOR THE YEAR 1785.

The Original is in the Hospital, and was presented by Dr. Robertson, December 29th, 1871.

BUXTON.

RESOLUTIONS by the Stewards of the several Houses at Buxton, on behalf of the Contributors to the Charitable Fund established here, for the better regulation of the Charity, made September 13th, 1785.

1st. As to the Contribution.

WHEREAS, at the commencement of this Charity, in the year 1779, instituted for the purpose of rendering the Beneficence of the Noble Proprietor and his Ancestors (in setting apart a Bath for the Use of the Poor) more extensively beneficial; two Stewards were appointed in each House kept open for the Reception of Company to receive a Contribution of One Shilling only, from each Person residing in such Houses, for the Benefit of the Charity. And upon the Departure of ouc of the Stewards, the departing Steward hath nominated a Successor; and in order to ascertain the Sums contributed, the Stewards for the Time being, at each House, have kept a Subscription Book, in which the Contributors have respectively written their Names and the sum of One Shilling opposite thereto; and as the Subscriptions have amounted to competent Sums, the Stewards have paid over the same to Mr. Samuel Buxton, Apothecary, in Buxton, as Treasurer, to be applied by him towards the Aid and Support of the Poor, whose Infirmities have caused them to come to Buxton for the Use of the Subscription Books. Resolved that such practice be continued, and that no Person be permitted to subscribe a greater Sum than One Shilling in the books: and that the Receipts of Mr. Buxton, or the Treasurer for the time being, in the Subscription Books, be sufficient Discharges to the Stewards for what they receive.

Resolved, That it be recommended to future Stewards to hold an Audit on the 13th of September, yearly, to inspect the Accounts of Mr. Buxton, or of the Treasurer for the Time being, and to state Accounts of the preceding Year in like manner as the Accounts are this Day stated in the Subscription Book at the Hall. And it is declared, that the Allowance of a Duplicate of the Account by any two of the Stewards, under their hands, shall be a sufficient discharge to Mr. Buxton, and all future Treasurers.

Resolved, That all future contributors to the Charity do subscribe thereto upon the terms of these Resolutions.

2nd. As to the Admission of the Objects of this Charity.

Resolved, That no Inhabitant of Buxton, Fairfield, or of any place within Sever Miles distance from Buxton, be admitted to partake of the Charity; nor any Person be relieved during the months of November, December, January, February, March, or April; and that during the remaining six Months of the Year, not more than sixteen Objects, at one Time, be relieved by the Charity. And that no Person shall be admitted on any other Day than Monday in every Wcek, between the Hours of eight and twelve in the Forenoon; on which Day, during such Houre, the weekly allowance to each Individual shall also be paid.

Resolved, That before the patient intending to take the benefit of the Charitybe removed from where he or she dwells, Mr. Buxton, or the Treasurer for the-Time being, be applied to by Letter, Postpaid, signifying such Intention, mentioning the Patient's Name, Place of Abode, and Nature of the Disorder; and that no Person be admitted unless there be a vacancy in the Number of Sixteen, and unless he or she first produces to the Treasurer his own Letter written in answer to such Application, and also a Letter of Recommendation from some Lady or Gentleman, resident in the Neighbourhood, certifying whether the Patient is. relieved by his or her Parish, or not, and if not, whether he or she is a proper Object, with Respect to Circumstances; and in casc he or she is a Pauper, relieved by the Parish, then also a Certificate signed by the Churchwardens or Overseers of the Poor, that the Pauper's Settlement is in the Parish from which he or she is sent; and also a Certificate from a Physician or Apothecary, that the case is proper for the Buxton Waters

Resolved, That the Names and Places of Abode of the Objects admitted, be entered by Mr. Bnxton, or the Treasurer for the Time being, in a Book (of which Book each Contributor is to have free Inspection), with a Description of the Patient's Disorder; and after his or her Discharge a Minute of the Consequence of the Use of the Waters.

3rd. As to the Application of the Charity Fund.

It being the Intention of the Contributors, that the Money arising from the-Contributions, be in every Case applied for the purposes of supplying the Patients. during their Stay at Buxton, with Board, Lodging, and Medicines only; all Ladies and Gentlemen recommending Patients, and all Churchwardens and Overseers. giving Certificates, are therefore particularly desired to take notice, that in Casthe Patients shall be admitted to partake of the Charity, and shall die in the-Parishes of Buxton or Fairfield, or in any Place within seven Miles Distancefrom Buxton, before he or she shall have actually returned to his or her own Parish, such Persons recommending, and such Churchwardens and Overseerscertifying, shall be hable to pay the Expenses of the Funeral of such Patientsrespectively; and that the Charity Money, on no Account whatever, will be suffered to be applied to defray Travelling Expenses, either to or from Buxton.

Resolved, That no Patient be admitted more than once during a Season, nor be relieved, by the Charity, for a longer space of time than five Weeks, from the Date of his or her Admission, nor with a greater Sum than Six Shillings each Week But for how long a Time he or she shall be relieved less than five Weeks, or what allowance shall be made him or her less than Six Shillings per Week, shall be at the discretion of Mr. Buxton, or of the Treasurer for the Time being, taking the advice of the resident Physician, or Physiciaus, on the Case, who it is hoped, will kindly consent to give gratuitous Assistance, when necessary.

Resolved, That Mr. Baxton, or the Treasurer for the Time being, be at liberty to retain all his necessary Expenses, occasioned by the Administration of the Charity, over and above what shall be expended in Board, Lodging, and Medicines.

Resolved, That if any Object receiving the Benefit of this Charity, shall beg or receive Alms, during his or her stay at Buxton, or be guilty of prophane Swearing. Drunkenness, Impertinencc, or any gross misbehaviour, he or she shall beinstantly (on complaint made) discharged from the Charity.

Ordered, That these Resolutions be printed, and hung up in as public a manner as possible, in the several Houses in Buxton, kept open for the Reception of Company, and wherever Contributions are received; and that the said Resolutionsbe sent by Mr. Buxton, or the Treasurer for the Time being, to every Person recommending a Patient, as a proper Object to partake of the Benefit of this-Charity.

 - No Patient shall be allowed to remain on the Books of the Institution longer than six weeks at one time without special permission signed by at least two-thirds of the Medical Staff of the Hospital; and any Patient who has been on the books six weeks in any consecutive six months, shall not be re-admitted within six months from the date of discharge without such permission.
- 3.—All Applicants for admission, either as In or Out-Patients, will be required to produce a recommendation, signed by a subscriber, and countersigned by the officiating minister, churchwarden, or some other parochial officer, or respectable inhabitant of the place from which they come, certifying that they are fit objects of charity, and unable to pay for themselves.
 - N.B.—Particular attention 18 directed to this rule, as it is much feared many have been admitted who were not fit objects for any Charity.
- 4.— The Medical Staff are authorised to refuse admittance to, or discharge, any Patients they consider unfit objects of the Charity; such refusal, or dismissal, to be signed by at least two of their number.
- 5.— Every In-Patient will be required to bring a proper change of clean body linen, and will have to pay for his, or her, own washing out of the Hospital; and to deposit one shilling upon receiving the key of the clothes box appropriated to his or her use; this deposit will be returned to the Patient upon giving up the key. Out-Patients will have to provide their own towels for bathing. All Patients must be provided with money for their travelling expenses when leaving the Hospital.
- 6. All the Patients will be required to observe strictly the Rules laid down for their guidance; any infringement of the rules will render the Patient liable to immediate dismissal.
- 7.- Cases of Accident will be admitted to the Hospital on the recommendation of a Subscriber, or on payment of the usual weekly charge for board and lodging, and a guarantee given in either case for payment of any extra charges required.
- 8.—Application for the admission of In-Patients, accompanied by the usual Medical Certificate, to be made to the Secretary, who will intimate, by return of post, the earliest date upon which the Patient can be received. Patients are not on any account to come to the Hospital until they receive notice that there is room for them, as no allowance of any kind will be given to those who cannot be taken in.
- 9.—In-Patients are admitted into the Hospital on Monday, Tuesday, and Wednesday, between the hours of 9 a.m. and 6 p.m., and during their residence in the Hospital are under the immediate medical supervision of the House Surgeon and Assistant House Surgeon.
 - Out-Patients will be attended by one of the Medical Staff every Monday and Friday.

General Rules and Regulations for Subscribers.

- 1.-A Life Subscription of Twenty Guineas shall entitle a Subscriber to recommend one In and two Out-Patients annually.
- 2.- An Annual Subscription of One Guinea shall entitle a Subscriber to recommend one In or four Out-Patients; but no annual Subscriber shallsend a Patient until he has been a Subscriber for at least three months; nor until his Subscription for the current year is paid.
 - All Subscriptions shall be considered as due in advance on the 1st of January in each year.
 - Annual Subscriptions not paid until after June 30th in each year, shall be considered to be in default, and shall not entitle to the recommendation of a Patient unless the difference between the amount of an Annual and a Casual Subscription be also paid. This rulo does not apply to new Subscriptions paid after June 30th.

Recommendations are available only during the year for which they are issued. Forms of recommendation will be sent by the Secretary on application.

- 3.—Persons not being Annual or Life Subscribers, may recommend an In-Patient on payment of a Casual Subscription, £212s. 5d.; and Life or Annual Subscribers may recommend additional Patients, beyond the number they are entitled to recommend annually, on payment of a casual Subscription with each.
- 4.—Subscribers of One Guinea per annum are allowed to send, in addition to the Patient eligible from the Subscription, three Out-Patients per annum, by paying Seven Shillings with each.
- 5.—Any Clergyman or Minister kindly preaching a Sermon or Sermons, on any one day in aid of the Funds of the Hospital, and contributing therefrom not less than £3, shall be entitled to one In or four Out-Patients' recommendations.
 - No money shall be received as a Subscription which can in any way be regarded as the proceeds of any public collection, or offertory, in any place of worship but all such sums shall be received as Donations, with the privileges defined in this rule.
- 6.-When not occupied under the powers of the Governors of the Cotton Districts Convalescent Fund, any of the 150 beds so assigned are available to Patients recommended by Subscribers, on payment of the cost per Patient to the Hospital, less the one guinea subscribed, or £1 11s. 6d,
- 7.-Visitors to the Hospital are particularly requested not to interfere between the Patients and Medical staff under whom they are placed.
- 8.—No Patient can be admitted without producing a medical certificate specifying the nature of the disease, and certifying that the Patient has not been exposed to the influence of Infectious or Contagious Disease during the four weeks previous to his or her admission.
- 9.—Persons suffering from any incurable or infectious disorder or from advanced heart disease—women more than six months advanced in pregnancy—persons in the later stage of consumption—or afflicted with itch, cutaneous disease, ulcers, fits, or insanity—or infested with vermin—cannot be admitted as In-Patients; or, if inadvertently admitted, cannot be allowed to remain.

The Annual Report and List of Subscribers, price 3d., by post 4d., may be had on application to the Secretary, Mr. JOSEPH TAYLOR, Devonshire Hospital, Buxton, to whom all communications should be addressed.

Cheques and Post Office Orders to be made payable to the Sheffield and Rotherham Joint Stock Banking Company, Limited, Buxton, Treasurers of the Hospital.

FORM OF BEQUEST OF LEGACY.

To those who may be inclined to be Benefactors to this Institution, of Personal Property, by Will, the following form is recommended :--

"I give and bequeath the sum of pounds [free from Legacy Duty] unto the "Devonshire Hospital and Buston Bath Charity" at Buxton, to be paid [with the Legacy Duty thereon] exclusively out of such part of my estate as may be legally bequeathed for charitable purposes, and in priority to all other payments thereout; and I declare that the receipt of the Treasurer, for the time being, of that Institution, shall be a sufficient discharge for the said Legacy."

METEOROLOGICAL REPORT FOR 1898.

FROM OBSERVATIONS TAKEN AT THE DEVONSHIRE HOSPITAL, BUXTON.

The instruments from which the observations are taken are the property of the Devonshire Hospital, and consist of Fortin's barometer, wet and dry bulb thermometers, black bulb thermometer, sunshine recorder (Jordan's pattern), and rain guage. They are standard instruments, and are inspected and verified from time to time by an officer of the Royal Meteorological Society. Buxton is a second-class station of the Society, and observations are taken twice daily.

A full report is sent to the Society every month, and weekly reports are sent to the local paper.

RAINFALL.—The total rainfall for the year was 44.35 inches. This measurement is somewhat lower than the average, and about six inches lower than the previous year. The greatest fall for one day occurred on December 27th, and measured 1.60 inches. Rain fell on 157 days. The greatest number of wet days occurred in December. Snow fell on 16 days.

SUNSHINE.—1138'8 hours of sunshine were registered during the year. July was the sunniest month with 200'l hours. The longest duration of sunshine that occurred on one day was on July 11th, when 14'2 hours were registered. The next, June 10th, with 14'l hours. November was the most sunless month with 35'l hours of sunshine. During December 46'7 hours were registered. November and December had each 18 sunless days.

TEMPERATURE.—The highest temperature recorded in the shade was 80.2° on September 8th. The lowest was 22.3° on November 28th.

ATMOSPHERIC PRESSURE.—The highest reading of the barometer was 29/820, which occurred at 9 a.m. on July 25th. The lowest was 27/771 registered on November 25th at 9 a.m.

WIND.—The prevailing winds were S.W. and N.W.—300 of the former to 221 of the latter. April and May were marked by the prevalence of these winds. Out of 122 observations taken during these months, 20 were East, whilst only four were N.E. After, S.W. and N.W., the most prevalent wind was W.
